Why do schools in over 50 countries around the world trust us

Fieldwork Education

Because we're focused on helping schools improve children's learning.

For the last twenty-five years **Fieldwork Education** has been working together with schools all over the world to help improve learning. Now available, for all age groups, the **Looking for Learning Toolkit** from Fieldwork Education puts learning – rather than teaching – at the heart of your school. The Looking for Learning Toolkit has been described as transformational by schools already using it and takes you step-by-step through the process of identifying, improving and increasing learning throughout your school. For more information, contact

Isabel du Toit by email at isabel@greatlearning.com or phone +44 (0)20 7531 9696.

To improve learning at your school, join us at the Fieldwork Education **Summer Learning Network 2009**, July 30th and 31st, Greenwich, London: *Everything that matters about learning and nothing that doesn't*. Contact Laura Phillips at laura@greatlearning.com.
